

June 2020 Newsletter

June has arrived and even with the current restrictions etc in place because of Covid 19, time is still flying by. I do hope this finds you in good cheer and health and adjusted to the amended lifestyle we are all faced with.

Passing of Jill Groom

Recently the wife, Jill, of long standing member Richard Groom, passed away and I am sure you all join with me in extending our sincere condolences to Richard and family.

Members Games Played History

Thanks to those members that responded to the request for indicating IFCR games played both within Australia and Internationally in the spread sheet that was provided. Thanks to Doug King for collating all the info, it is greatly appreciated. Thanks also to those that provided copies of attendee sheets for various festivals that Doug was able to also use. A couple of additional games were also brought to our attention and have also been included. Pages 3,4 & 5 shows player history following the responses received. Highlights as follows:

David Breuch 100 games

Graeme Amooore 158 games

Richard Groom 134 games many as an umpire

David Horsley 142 games

Ian Robertson 150.

and Ian Petherick 198 games with only 2 games to go to crack the 200 mark – absolutely amazing – well done Petho.

David Horsley pointed out that he and wife Jan are the only couple world wide to have attended every world festival which is also absolutely amazing. Well done David and Jan. Attached to the email is the spread sheet for game history for those who haven't responded yet.

Cancelled Australian Festival – Cairns

The Australian Festival that was to be held in Cairns 21 – 26 June was cancelled due to Covid 19. The organising committee made the difficult decision to cancel in early April based on the circumstances at that time and was a wise decision especially as the Qld borders will be closed to interstate visitors till end of June at the earliest. Sincere thanks to the Cairns organising committee for all their hard work.

Next Australian Festival – 2022

The next Australian Festival will now be held in 2022 and the IFCR Australia Board has agreed for the festival to be held in Cairns, so all the planning that was done for the cancelled festival has not been in vain. In due course timing and registrations for this festival will be communicated.

Australian Team Tour of UK

Initial planning has been done for a tour by an Australian IFCR Team to the UK in June 2021 and Patrick O'Shea has been liaising with Norman Brown in the ULK regarding the tour. However, this is very much up in the air, again due to Covid 19. Hopefully the UK and world situation will be much clearer towards the end of the year so that the situation can be resolved. Naturally you will be kept informed.

Next International Festival – Kandy Sri Lanka 2021

As previously advised the next International Festival is scheduled for Kandy, Sri Lanka in August 2021. The organisers expect that registrations etc will be made available end of this year, early next year should the world situation be suitable for holding the festival. Again you will be kept informed.

Zoom Meetings

The IFCR Australia Board has been making use of modern technology such as Zoom, for the conducting of Board meetings. It certainly is so much better to have faces to look at for the meetings.

Also recently President Arthur, Australian International Representative, Bob Brigden, and myself also Zoomed in for an international country representative IFCR meeting organised by the International President, Sarathy from India. It was great to see some familiar faces and meet some new ones. IFCR activities in all countries is on hold due Covid 19.

IFCR Website

The IFCR website covering all countries is presently unavailable as it is being revamped thanks to the efforts of John Dean and Sarathy. You will be advised as soon as it is available again.

Take care and keep washing those hands.

Cheers

Col

Col Lawson

Secretary/Treasurer Australia IFCR
